## Accessory for installation of welded panels **PILOFOR®**

description		
	sleeve PVC for anchoring panels to round posts 48 mm including bolt <b>(PILOFOR® LIGHT)</b>	green black grey
	galvanized clamp for posts <b>PILOFOR®</b> Ø 48 mm	terminal continuous
	galvanized + PVC RAL 6005 - green clamp for posts <b>PILOFOR®</b> Ø 48 mm	terminal continuous
	clamp for posts <b>PILOFOR®</b> Ø 48 mm, PVC including screw	green black
	clamp for <b>PILOFOR® LIGHT</b> RAL 6005 - green	galvanized galvanized + PVC
	hook for anchoring panels <b>PILOFOR® CLASSIC</b> (including security nut)	
	galvanized clamp for anchoring panels <b>CLASSIC, SUPER</b> on cornered post	galvanized
	clamp for <b>PILOFOR®</b> stainless steel - butterfly	
	clamp for post <b>PILODEL®</b> 60 x 40 mm, galvanized	terminal continuous corner
	clamp for post <b>PILODEL®</b> 60 x 40 mm, galvanized + PVC RAL 6005 - green	terminal continuous corner
	clamp for post <b>PILODEL®</b> 60 x 40 mm, galvanized + PVC RAL 7016 - anthracite	terminal continuous corner
	clamp for posts 60 x 60 mm, green	<b>NEW</b> terminal continuous
	clamp for posts 60 x 60 mm, black RAL 9005	<b>NEW</b> terminal continuous
	clamp for rectangular post <b>PILODEL® PRO</b> 60 x 40 mm stainless steel	green black
	clamp PVC for posts 60 x 40 mm to fix panels <b>PILOFOR®</b>	green black
	clamp PVC for anchoring panels <b>PILOFOR®</b> to posts 60 x 40 mm including screw	green black
	clamp for <b>PILOFOR® - ST</b> on post 60 x 40 mm, PVC	green black
	clamp for <b>PILOFOR® - PRO</b> on post 60 x 40 mm, PVC	<b>ONLY WHILE STOCKS LAST</b> green black
	clamp for panel <b>PILOFOR®</b> with shoulders for post 60 x 40 mm, metal clip, PVC	<b>ONLY WHILE STOCKS LAST</b> green black
	stainless steel panel fitting for infinite mounting <b>(PILOFOR® LIGHT, CLASSIC)</b>	

description		
	pliers for stainless steel panel fittings <b>(PILOFOR® LIGHT, CLASSIC)</b>	
	corner clip for panel <b>PILOFOR® SUPER</b>	
	stainless steel braces to wall, 2 pcs in package <b>(PILOFOR® LIGHT, CLASSIC, SUPER, SUPER STRONG)</b>	
	<b>PILOFOR®</b> panel bracket for post or wall green RAL 6005, black RAL 9005	<b>NEW</b> green black
	clamp PVC for anchoring panels <b>PILOFOR® CLASSIC</b> to square posts	green black grey white
	clamp PVC for anchoring panels <b>PILOFOR® SUPER</b> to square posts	green black grey white
	clamp PVC for anchoring panels <b>PILOFOR® SUPER STRONG</b> to square posts	green black white
	clamp PVC for panels <b>PILOFOR® CLASSIC</b> to the single or double swing gate frame	
	clamp PVC for panels <b>PILOFOR® SUPER</b> to the single or double swing gate frame	
	clamp stainless steel for panels <b>PILOFOR® CLASSIC</b> to the single or double swing gate frame	
	clamp stainless steel for panels <b>PILOFOR® SUPER</b> to the single or double swing gate frame	
	security bolt with breaking off head for anchoring the clamp, galvanized <b>(PILOFOR® CLASSIC, PILOFOR® SUPER, PILOFOR® SUPER STRONG)</b>	length 42 mm length 52 mm
	galvanized M6 bolt <b>(PILOFOR® CLASSIC, PILOFOR® SUPER, PILOFOR® SUPER STRONG)</b>	length 40 mm
	PVC post cap <b>PILODEL®</b> 60 x 40 mm	black
	PVC post cap <b>PILOFOR®</b> 60 x 60 mm	black
	post cap 60 x 40 mm including front hooks	<b>ONLY WHILE STOCKS LAST</b> green black
	post cap Ø 48 mm including front hooks	<b>ONLY WHILE STOCKS LAST</b> green black

## Accessory for installation of posts and struts to concrete foundation

description	
	base post for installation of post to concrete foundation for <b>IDEAL®</b> posts diameter 60 mm, galvanized
	base post for installation of post to concrete foundation for <b>IDEAL®</b> posts diameter 76 mm, galvanized
	plate for mounting the column on a concrete base for wickets and gates 60 x 60 mm, galvanized
	plate for mounting the column on a concrete base for wickets and gates 80 x 80 mm, galvanized
	base post for installation of post to concrete foundation for posts of section 50 x 50 mm, galvanized
	base post for installation of post to concrete foundation for posts of section 100 x 100 mm, galvanized
	base post for installation of post to wall for <b>IDEAL®</b> posts diameter 38 mm, galvanized
	base post for installation of post to wall for <b>IDEAL®</b> posts diameter 48 mm, galvanized

description	
	base post for installation of post to concrete foundation for <b>IDEAL®</b> posts diameter 38 mm galvanized
	base post for installation of post to concrete foundation for <b>IDEAL®</b> posts diameter 48 mm galvanized
	plate for mounting the column on a concrete base <b>ECCENTRIC</b> for columns <b>IDEAL®</b> diameter 48 mm galvanized
	base post for installation of post to concrete foundation for <b>PILCLIP®</b> posts diameter 48 mm with pressed structure, galvanized
	base post for installation of strut to concrete foundation for <b>IDEAL®</b> struts diameter 38 mm galvanized
	base post for installation of post to concrete foundation for <b>PILOFOR®</b> posts, section 60 x 60 mm galvanized
	base post for installation of post to concrete foundation for <b>PILODEL®</b> posts, section 60 x 40 mm galvanized
